2. **WRITE A COMPOSITION ANSWERING THESE QUESTIONS:** Online dating and flirting: advantages and disadvantages? (Approximately 120 words)

Social networks have been a great change in the way people get in touch with each other: they have reached practically everyone and we can establish contact with all these people.

As with any change, it brings with it advantages and disadvantages. Among the advantages we have the wide diversity of choice of profiles with which to interact, and you tend to get to know the other person very quickly, in addition to the fact that most networks are free.

However, one of the big disadvantages are the false profiles whose only purpose is to obtain intimate data from other people. If it is not a fake profile, one of the major drawbacks is the impossible physical contact between these two people.
